

Gather documents before you start. Confirm your state deadline for an in-state move versus a move from another state, then update license, registration, and title.

UPDATE**License + plates****BRING****ID + proof****FILE****Online or in person****What must be updated**

Most states treat these as separate records. Check all three.

- ☐ Driver license address
- ☐ Vehicle registration
- ☐ Vehicle title, if your state prints the owner address
- ☐ REAL ID, if you use it for domestic flights or federal facilities

Documents to gather

Have these ready before an online form or an office visit.

- ☐ Current driver license
- ☐ Proof of new address (utility bill, lease, or closing papers)
- ☐ Vehicle registration
- ☐ Proof of insurance
- ☐ Social Security number or tax identification number
- ☐ Appointment confirmation if your office requires one

How to file

Online is fastest when your state allows it. Some cases still require a visit.

- ☐ Confirm in-state vs out-of-state deadline on your state DMV site
- ☐ Online: complete the change of address form on the official state DMV website
- ☐ In person: schedule an appointment or walk in with documents
- ☐ Mail: fill out the form and send it to the address listed by your DMV
- ☐ Save confirmation numbers and a copy of what you submitted
- ☐ Update auto insurance garaging address the same week
