

BookMyMove.com Verified Partner Badge

Partner Installation & Configuration Guide

Display your **BookMyMove.com Verified** trust badge on your website. The badge links to your BookMyMove profile and shows verification details when visitors hover (desktop) or tap (mobile).

Quick install

Copy and paste this code where you want the badge to appear. Replace `YOUR_PROFILE_URL` with the BookMyMove profile URL provided to you.

```
<div id="bookmymove-verified-badge"></div>
<script
  src="https://bookmymove.com/embed/bookmymove-verified-badge.min.js"
  data-target="bookmymove-verified-badge"
  data-version="1"
  data-href="YOUR_PROFILE_URL"
  async
></script>
```

Example profile URL:

`https://bookmymove.com/movers/directory/florida/boca-raton/safe-ship-moving-services`

Configuration options

Attribute	Required	Values	Default	Description
<code>data-href</code>	Yes	bookmymove.com URL	Directory	Your BookMyMove company profile URL
<code>data-version</code>	No	1 or 2	1	Badge graphic version
<code>data-target</code>	No	Element ID	—	Container div ID (recommended)
<code>data-size</code>	No	48–240 px	96	Badge display width
<code>data-loading</code>	No	eager / lazy	eager	Use lazy for footer badges only

Badge versions

Version 1 — Compact badge

Best for footers, sidebars, inline placement.

`data-version="1"`

Version 2 — Seal

Best for trust sections and partner pages.

`data-version="2" data-size="112"`

Recommended setups

Standard footer badge

```
<div id="bookmymove-verified-badge"></div>
<script
  src="https://bookmymove.com/embed/bookmymove-verified-badge.min.js"
  data-target="bookmymove-verified-badge"
  data-version="1"
  data-href="YOUR_PROFILE_URL"
  data-loading="lazy"
  async
></script>
```

Prominent trust section (seal)

```
<div id="bookmymove-verified-badge"></div>
<script
  src="https://bookmymove.com/embed/bookmymove-verified-badge.min.js"
  data-target="bookmymove-verified-badge"
  data-version="2"
  data-size="112"
  data-href="YOUR_PROFILE_URL"
  async
></script>
```

Visitor experience

Desktop: Hover or focus shows a tooltip with your verified partner message and “Click here to view profile.” Clicking opens your BookMyMove profile in a new tab.

Mobile / tablet: First tap opens the tooltip; second tap visits your profile. Tap outside or press Escape to close.

The script is about 6 KB, has no dependencies, and does not load tracking scripts. Styles are isolated so they will not conflict with your site design.

Content Security Policy (CSP)

If your site uses CSP, allow scripts and images from `https://bookmymove.com`.

```
script-src ... https://bookmymove.com;
img-src ... https://bookmymove.com;
```

Troubleshooting

Issue	Solution
Badge does not appear	Confirm container ID matches <code>data-target</code> ; verify script URL ends in <code>.min.js</code>
Wrong link destination	Set <code>data-href</code> to your full BookMyMove profile URL
No tooltip on mobile	Tap once to open tooltip; tap again to visit profile
Blocked by security plugin	Whitelist <code>bookmymove.com</code> for scripts and images

Support

For your profile URL or setup help, contact your BookMyMove partner representative.
